## Acorn Zenises Repeats Podium Finish at Knockhill

**London, 30 June, 2014.**– The Acorn Zenises Motorsport team, led by Steve ‘Baggsy’ Biagioni, recently participated in the second round of the British Drift Championship at Knockhill circuit.

The drift team faced a backdrop of changeable weather conditions in Scotland, making tyre selection a critical factor. But despite the unpredictable nature of the event, the Westlake Sport RS tyres again performed superbly. Racing in the ‘Super Pro’ category, Biagioni qualified for the final event where, after a series of stunning races against top opposition, ‘Baggsy’ achieved yet another podium finish, narrowly missing out in second place in a competitive field of 40 drivers.

Mr. Jorge Crespo, European General Manager of Zenises, distributor of the Westlake tyre brand, commented that: “The British drift racing standards have risen to such a high level that final qualification is an achievement in itself. The Acorn Zenises team, supported by the Westlake Sport RS, is growing stronger with each event and we are really excited about how this season is shaping up”.
